

BE A LEADER. GET RADON CERTIFIED.

RADON MEASUREMENT Review, Exam and Industry Q & A

September 18th
8:30 AM – 4:30 PM

PACIFIC GATEWAY HOTEL, 3500 Cessna Drive, Richmond, BC

REVIEW SESSION INSTRUCTOR:

Colin Dumais, *Director, CNRTC*

Colin combines a passion for teaching with a solid background in building science and energy efficient technologies. Colin

designs and builds radon mitigation systems that are both efficient and effective.

Colin is a board member for the Canadian Association of Radon Scientists and Technologists and develops certification curriculum for the Canadian National Radon Proficiency program.

About the Canadian National Radon Training Centre (CNRTC)

CNRTC focuses on quality, engaging online and classroom training specific to Canada. All courses have telephone and email support by experienced Canadian radon professionals.

Our team has an extensive background in Environmental Science, Surveying, Geology, Building Science, Energy Efficient Construction, and course development and instruction at post-secondary institutions.
